Dear Marta,

We read the documents submitted by the SEC saying that Aton received introduction commission upfront and then sold Gram to investors. It is not true. The invoice mentioned by SEC is an old one where we simply made a typo. Later we corrected this typo and made a new invoice. It is attached. Moreover, we received a wire from you on the Aug 3, 2018 and it also shows that we received the commission after investors had wired funds to you.

Best regards
